Dear chess friends!

Yesterday we got an information about some national chess federations receiving letters from the FIDE office. In this letter FIDE informs federations about their debt. The debt that must be covered before July 23 - or the respective federation

won't be allowed to participate in FIDE Olympiad and FIDE President elections in Batumi.

Please pay attention that these Federations are not listed in the debt list on the FIDE website (<http://ratings.fide.com/arrears.phtml>). This sort of non-transparent approach is typical for the current FIDE leadership. It allows to manipulate and press certain federations, creating an advantage for one particular candidate in the forthcoming FIDE President elections. Very important information that must be publicly available is hidden. We consider this situation unacceptable and we will stand against such a policies.

Please check your debts. We believe that coming elections are crucial for the future of FIDE and entire chess world, and we hope that every delegate will be able to cast their vote in Batumi.

All the best,
Arkady Dvorkovich,
Candidate for FIDE President
